

Premium Outlet Collection – Edmonton International Airport

EIA FACT SHEET

Construction began in spring 2016 on the highly anticipated Premium Outlet Collection – Edmonton International Airport, developed in partnership by Simon and Ivanhoé Cambridge, scheduled to open May 2, 2018. Many of the property's 100 retail tenants will be making their Alberta debuts.

Ideally located south of Airport Road, directly adjacent to the Queen Elizabeth II Highway, Premium Outlet Collection – Edmonton International Airport will feature 428,000 square feet of retail outlets offering value from over 100 renowned brands. The outlet collection will offer customers a comfortable environment and a new level of shopping experience that caters to all tastes and budgets.

HOW PREMIUM OUTLET COLLECTION – EDMONTON INTERNATIONAL AIRPORT SUPPORTS EIA'S GROWTH:

Edmonton Airports is a not-for-profit corporation and is entirely self-sustaining. As Canada's largest major airport by land area, Edmonton International Airport's real estate development efforts provide a unique opportunity to secure future aviation-related use and

generate sustainable income to support air service. This development project will create 1,000 jobs for the region, position EIA as a tourist generation, and stimulate further growth on airport lands.

EIA is also a key economic driver for the Edmonton region, creating 12,600 jobs, contributing \$1.2 billion to the local and regional GDP and generating a total economic output of \$2.2 billion.
